

Firm Values

Like its economy, Vietnam's laws are changing rapidly. Vision & Associates is well versed in local laws as well as in international professional standards. Our philosophy is to find the innovative solutions needed to satisfy your business requirements in a cost-effective manner.

Why Vision & Associates? What can you expect at Vision & Associates?

Leadership in professional practices

Combined International professional standards and local knowledges

Innovative thinking with practical solutions

Quality standards and competitive prices

Responsiveness and nationwide service availability

Leadership in professional practices

Vision & Associates is a leading professional firm in Vietnam, providing a broad range of services in the major areas of practices, including Legal Practice, Intellectual Property Practice and Investment & Business Consulting Practice.

Combined International professional standards and local knowledges

The partners and associates of the Firm have considerable experience in the major areas of practices, including substantial national and international contacts. We bring international professional standards to our local practice.

Innovative thinking with practical solutions

We believe that the dynamically changing legal and economic development of Vietnam calls for innovation and determination, with practical solutions. We bring this attitude to each assignment and project, and measure the performance of our

assignments and projects the way clients do, by successfully meeting clients' business objectives.

Quality standards and competitive prices

With a professional management system supported by a sophisticated IT infrastructure, the Firm's practice groups work closely with one another to take advantage of combined knowledges of all major practices in order to provide clients with the most comprehensive services, at the highest quality and the most competitive rates

Responsiveness and nationwide service availability

Better listening to clients and ensuring fast response to clients, the Firm is providing clients nationwide with its services from the two biggest economic centers of the country, from the office in Hanoi and from the office in Ho Chi Minh City .
